TRADE LIST 1929

All our own originations. We grow nothing else

We offer this year the largest and finest collection of glads we ever had on our wholesale list and at greatly reduced prices. Of some of them the stock is limited but we have listed them to give growers a chance to get a start with them while they are new. Why grow only the old, common varieties that everybody grows? For descriptions, illustrations and testimonials see our new Glad Booklet.

We have listed bulblets of those varieties of which we have any to offer. Where no bulblets are listed it means that we have none to spare.

We do not loan out any cuts. But to growers who wish to illustrate any of our varieties in their catalogs we will be glad to furnish good photos free, of such as we have.

1000 rates at nine times the 100 rate.
